

NEGRO ADMITS MAKING RUM

Henry Fason and Marion Wiggin, negroes, of Madrid, charged with operating an illicit stillery, were arrested last night by Deputies Isham and Clarence May and Warden Grady Granger.

While the officers were not successful in locating an outfit, Fason is said to have confessed, and implicated the other negro, on charges of making and selling moonshine liquor.

WILL GRANT ENTERS TAILORING BUSINESS

Will Grant has been appointed manager for the New England Woolen Mills and will open up for business Monday in the Saxon building on East Main street with an immense line of woolsens from which he will take orders for Spring suits made to measure at \$15, \$20, and \$25.

He knows the clothing business from start to finish and has a large following in this section where he has been identified with the clothing trade for the past fifteen years or more. His friends will be pleased to learn that he has decided to re-enter business and there is no doubt that he will enjoy a large patronage. His opening announcement appears in this issue of The Eagle.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Committee Seeking More Reservations

Since 900 places for housing the delegates to the annual convention of the Alabama Sunday School Association in Dothan next month have been assured, according to reports submitted at a meeting of the Housing Committee yesterday afternoon. While encouraging, this number is not sufficient as there must be places for at least 1,250 to 1,300 delegates.

It is probable that some people of the town have been overlooked by the committee, and if this is true, such persons are urged by the committee to communicate with O. L. Tompkins, telephone 469 or with any other member of the Housing Committee.

The rates to be charged delegates are 50 cents per day for beds and 50 cents each for meals. Beds and meals may be furnished, or beds alone, at the option of the host.

Splendid Show Tonight.

Tonight the Palace Theatre offers one of the best musical attractions ever brought to Dothan—The American Quartette. This organization comes recommended as one of the best of its kind on the road and has won high praise wherever it has appeared. The programme includes both vocal and instrumental, classical, popular and novelty numbers.

A special feature of the programme will be sketches and readings by Clayton Conrad, the well known cartoonist.

The regular run of pictures at the Palace will be shown until 7:00 o'clock this evening. The musical programme will begin at 8:00 o'clock.

NEGRO IS TIED ON MOONSHINING CHARGE

Charley McCray, a negro, of Geneva county, was given a preliminary hearing before United States Commissioner C. S. Twissler yesterday and bound over to the federal grand jury in a \$200 bond, the charge being illicit distilling.

It is said that while the revenue officers did not find the distillery, they found indications of where one had been in operation.

SUMMARY OF WAR STATUS

The British admiralty today confirmed the reports of the destruction of the German submarine U-8, which the French admiralty previously announced, and said that another unidentified German submarine rammed by the collier Thorold, probably also had been sunk.

The captain of the American steamer Gulllight, on arriving at Wexer, Germany, is reported by a Berlin newspaper to have said he witnessed the destruction of two steamers by a German submarine.

First reports of definite effects on American trade of Great Britain's retaliatory policy against Germany come from Bremen. It is said several American vessels which have been taking on cargoes of German goods, particularly drystuffs, unloaded these cargoes and will return to the United States with empty pits.

Although the assaults of the Allied fleet on the Dardanelles is continuing, there is such confusion of reports that it is impossible to gain a clear idea of what has been accomplished. Turkish authorities admit some damage has been done to the outer forts, but say the defenses upon which main reliance is placed still are intact. From British sources it is reported the Allied fleet has pierced well into the Straits and badly damaged the inner fortifications.

Important battles are in progress in the Champagne region of France, in Northern Poland and in Galicia, but no significant changes have been announced.

MODERN MAGDALENE TOLD BY RECORDER TO "SIN NO MORE."

Story of a Young Girl, Recited in Police Court, Wins Her Another Chance to Live a Straight Life.

Atlanta, Ga., March 5.—"You are standing before me like the Magdalene who once stood before the Great Master, for your accusers are not here."

Recorder Johnson was speaking to a young woman, who might have been beautiful but for the mark of the Scarlet Letter—the traces of a one-time girlish beauty being still in evidence.

The woman had been arrested at the instigation of a number of men camping in the suburbs of the city, and they had charged her with living with a man to whom she was not married. The man in the case escaped. That was their story. The woman's was:

"I was decoyed from my home in Rine, Ga., by the man whom I loved and who promised to treat me right. It matters not what my real name is. I have given it to the police as May McLenore, and that will suffice. I know it is an old story told by women like myself to say that I am more sinned against than sinning, but this time it is the truth, and God knows it."

It was after the woman had told her story that the recorder asked: "Where are thy accusers?" and when none answered, he continued:

"I wish I had them here, for I believe if I could ask the innocent man among them to cast the first stone that every one of them would slip away. I am not going to punish the woman while the man goes free. I am going to tell you, just as the Master told the Magdalene of old, 'go and sin no more.'"

And the woman bowed her head and went her way.

BASE BALL NOTES

Franchise is Bought.

The deal transferring the Cordele franchise in the Georgia State League to Dothan, was closed yesterday afternoon. Local fans conducting the transaction through President Jamison of Atlanta. The franchise cost \$1,000, and \$250 was paid in cash, the balance to be paid within six months. President Jamison left for Atlanta yesterday afternoon. He is pleased over the outlook for organized baseball in Dothan.

The time is short and there is much to do. First an organization must be perfected, and then a manager is to be selected. And that is the most important decision to be made since the raising of the required funds. It takes two things for organized baseball: money and a manager, and by that we mean a real manager. True it takes a great number of circumstances, such as enthusiasm and attendance to assure organized baseball, but if the right kind of manager is in harness with the necessary salary for players, the attendance and enthusiasm is bound to follow.

Temporary president C. J. Faulk looked through the files of the old Cordele club last night, and read many interesting letters pertaining to baseball, in the way of applications, etc. After going through the correspondence reading the contracts and letters, one would believe that the manager of the Cordele team last season was strong on weight as a very necessary asset to a player. Judging from the weight of the players, there are certainly a half set of fellows waiting for an opportunity.

TEACHERS HAVE GOOD MEETING

Plans to Consolidate School Districts Will Be Made by Board of Education this Afternoon.

The Teachers Reading Circle and Improvement Association held an enthusiastic meeting at the court house today, the attendance being good. An interesting program was carried out. The talks made by the different speakers were interesting and instructive.

Circulars relating to diversified farming were distributed among the teachers, who will assist in the dissemination of such information throughout the county.

Board in Session.

Plans to consolidate some of the school districts in the lower part of the county were scheduled to come up before the County Board of Education (which is in session this afternoon). This subject is one calculated to precipitate argument, both sides being represented.

DOTHAN COMMANDERY ELKS OFFICERS

Dothan Commandery No. 25, K. T., held their annual election of officers last night, and the following were elected:

C. D. Murphy, E. C.
H. C. Williams, Generalissimo
H. H. McArthur, Capt. General
J. B. Saxon, S. W.
Jack Lorraine, J. W.
E. H. Hill, Warden

W. H. Tow, Prelate
W. S. Wilson, Ad. Rearr.
S. H. Bennett, St. Rearr.
J. J. Cray, Sentinel.

services of the kind of manager this club must have, is not going to be a very easy task. There are lots of possibilities—unknown quantities with the local fans and temporary officers. However, a manager must be secured soon for the season opens in three or four weeks.

The small boy who objected to the Coon Baker lot for a diamond on the grounds that there are not enough trees in the vicinity has withdrawn his objections. There are plenty of telephone poles nearby.

Charlie Faulk is receiving a number of applications from men seeking a try-out in the Dothan club.

Only three or four more weeks and we are off.

It will be joyous news if Dothan grabs the pennant the first year, but still the fans will have no kick coming if we finish in the first division.

However, let's go after that pennant.

Thomasville to Stick in League.

Thomasville, Ga., March 4.—Stirred up by the time lost fixed for retaining their franchise in the Georgia State League, Thomasville fans got busy and soon raised enough funds to insure baseball here this season. Dr. B. A. Daniels has been elected and has accepted the position of president of the organization, with J. D. Gardner secretary and treasurer and a strong board of directors. A manager will be chosen in a few days and all arrangements perfected for the coming season.

Remotely could it start a movement to offer a prize of \$500 or \$100 for the best long poem submitted for the Dothan contest? A contest of the

Style Conditions As We Found Them in New York the Last 2 Weeks in February.

This season is no exception to the rule. The styles shown early are out of style before the season begins. The ideas are drawn from the late styles of the season before, for this is all the manufacturers have to draw from.

The large houses of Paris carefully guard their styles until just before the opening of the season, so that they will not be copied by houses that make this a business.

Personally we are patriotic and would like to see our country originate its own styles, but its a fact that we are as subservient to Paris today as ever.

The really authentic styles for Spring were brought over by New York's large importers on the Lusitania that landed Saturday February 20th.

These were followed by the remaining buyers in Paris on the Baltic landing the following week.

These buyers brought distinct style changes that completely routed the styles of three weeks ago. We stake our reputation as style authorities that there will not be another complete style change for the next few months.

The fashions selected by us can be depended on throughout the season.

The large American houses are trying to Americanize the French styles by giving them American names.

The following are some of the new colors: "Arizona Silver, Piping Rock, Rocky Mountain Blue, Florida Green, Hollywood Pink, Palm Beach Sand, Newport Tan, Delaware Peach, Gettysburg Grey, Pennsylvania Putty, Independence Blue."

COAT SUIT STYLES

One of New York's highest-class Suit makers brought back on the Lusitania what he thought was the smartest thing he saw in Paris—it was a straight, loose, box Coat, about six inches longer than anything else shown; the Skirt was a wide flowing one, six and a half yards wide. Each buyer brought back what he thought was the smartest thing shown in Paris. They all differ very much.

The Coat lines are all changed, the waist lines are all dropped, the Skirt lines are all changed.

The copies of these smart Paris styles are being rushed to us on every express.

These style letters will continue from time to time.

Its our function to supply style information No house in the South has better facilities for gathering this information than ourselves.

Diamond Tires satisfy 99% of their users

That means an awful lot when you come to think about it. It means built-in mileage of the sturdiest sort—and the price is honest and low, not padded.

This letter explains it:

"Philadelphia, November 26, 1914
"We believe that it will interest you to know that out of 1500 Diamond cases sold this year up to October first, the number that have been returned to us for adjustment amounted to less than one per cent. This we consider a remarkable showing, and speaks volumes for the quality that is built into Diamond Tires. About ninety per cent of the total number sold were Squeegie Treads, which we consider the best tire value we can offer our customers. The service rendered by this type of tire is consistently uniform.
"CHILD'S TIRE COMPANY,
"Per Chas. J. Roth."

And other dealers all over the country tell the same story.

Added to the wonderful Diamond Service, you can now buy Diamond Squeegie Tread Tires at the following "FAIR-LIST" PRICES:

Size	Diamond Squeegie	Size	Diamond Squeegie
30 x 3	\$9.45	34 x 4	\$20.35
30 x 3 1/2	12.20	36 x 4 1/2	28.70
